Gray Davis  
Governor

### **COMMUNITY WORKSHOP ON AEROJET, CHINO HILLS ENVIRONMENTAL CLEANUP AND RECENT ACTIVITIES**

**Wednesday, March 21, 2001  
4:00 PM - 9:00 PM  
GRAND AVENUE PARK  
Recreation Room  
130 Grand Avenue, Chino Hills, California 91709**

The Department of Toxic Substances Control (DTSC) will hold a community workshop to discuss environmental cleanup activities being conducted at Aerojet. Aerojet is a former ordnance assembly and test site located in Chino Hills. Your questions regarding cleanup of the former Redwater Pond and other Corrective Measures, the Response to Comments document, past and current field work activities, unexploded ordnance, health concerns related to site cleanup and other related topics will be addressed at this workshop. You will be able to talk one-on-one with staff from DTSC, Aerojet Consultants, Chino Valley Fire Department representatives, San Bernardino County Fire representatives, City of Chino Hills representatives, California Department of Health Services, Radiologic Health Branch staff, and a cancer epidemiologist of Loma Linda University Medical Center who performed the community cancer survey.

There will be no formal presentation given. This community workshop is being held to assist the public with questions and concerns regarding the Aerojet facility. DTSC invites you to attend this community workshop. For more information about the Aerojet project, contact Ms. Christine Brown, Project Manager, DTSC, at (714) 484-5382. For more information on this community workshop, contact Stacey Lear, Public Participation Specialist, DTSC, at (714) 484-5354.

*The energy challenge facing California is real. Every Californian needs to take immediate action to reduce energy consumption.  
For a list of simple ways you can reduce demand and cut your energy costs, see our Web-site at [www.dtsc.ca.gov](http://www.dtsc.ca.gov).*
